

**\*\*please notify [dhall@wocumc.org](mailto:dhall@wocumc.org) when you purchase an item so it can be removed from the list**

*The best places to purchase quality items are hardware stores and home improvement warehouses (Home Depot, Lowes, etc.). Please use caution when purchasing items from discount stores. We want to provide the sturdiest supplies possible that will be durable, safe and long-lasting. For example: do not purchase garbage bags that will tear easily or inexpensive dust masks that will not protect against mold. Most times the discounted items are of lower quality and will not provide ample protection to the volunteers. Another great place to purchase items such as masks or gloves is a safety supply store such as US Safety Gear on Bridge Street in Chillicothe ([www.ussafetygear.com](http://www.ussafetygear.com))*

**Once you purchase your items, either take them to your church or deliver them to the District Office in Chillicothe (call before you go to ensure the office is open)**
