 - Missionaries around the globe

We are a Connectional Church as United Methodists. We help people around the world and people around the world help us. Most of what you give in your local church supports your congregation and its chosen missions as well as your community and region. But some of what you give supports the broader church and impacts the whole world. We are better together and our ministry is more complete when we are united in our giving. Thank you for the part you play in the ministries of Jesus Christ through the United Methodist Church!
